Property Description

This unique 300 year old Canarian villa is set on a plot of over 2.000 m² situated between Macher and Puerto Calero with panoramic sea views across to Lanzarote's neighboring island of Fuerteventura. The current owners have lovingly restored and upgraded the villa whilst still retaining it's traditional features and character such as the wooden beams and thick stone walls. There are 4 bedrooms, 3 bathrooms (2 en suite), a rustic style fully fitted kitchen with wooden units, a spacious lounge with separate reading area and a dining room with access to the patio. A passageway with high ceiling divides the property to enable changes to be made if a separate apartment would be a requirement. The master suite bedrooms have access to the private sun terrace which is bedecked with a mature bouganvilla providing a wonderfully peaceful and shady place to sit and to dine alfresco style. A private drive leads to the villa which is set in its own extensive mature gardens with an elevated terrace offering uninterrupted views of the scenery. On a lower level of the grounds, there is a 10m x 5m swimming pool surrounded by mature gardens and sun terraces. A very special tranquil place to live, yet conveniently close to the local shops and amenities. With the exception of some personal items and paintings etc, the villa will be sold as seen! Portfolio of photos available.
