Property Description

Have you ever dreamed of having your own home in Fuerteventura? Now you have the perfect opportunity! This large plot is located in a typical Canarian village in the center of Fuerteventura, in Tetir. Tetir is a town known for its beautiful nature, tranquility, relaxed atmosphere and friendly people. Corralejo, the most tourist place of the north of the island, is quite close, it takes about 30 minutes by car to get there and enjoy the well known beautiful beaches, good restaurants, bars, cafes, shops and possibilities to spend free time. Puerto del Rosario, the capital of Fuerteventura, is only a 10 minutes drive away. The plot has a privileged location, it is in the village, in a quiet area and away from the stress of the city. The plot has a permission to build up to 10% of the land. The rest of the land can be used to have horses and other animals, to create several orchards to plant trees and to have vegetables and fruits from your own orchard throughout the year. The plot has spectacular views to the volcanic landscape. It is a perfect place to enjoy breathtaking sunsets. Separating the plots, you can build a beautiful large villa with its terraces, play area for children, barbecue area, chill-out area, private pool, garage and a very big garden. Tetir is a virgin area where homes are valuable and desired. As the plot is large and suitable for segregation, it is a very good investment. Building a villa there would also be very good investment: you can rent it for long or for short term or sell for a good price. It is a perfect place to build the house of your dreams and have it as your first home or spend there magnificent holidays with family and friends. It's perfect opportunity! Do not hesitate to contact us for more information about this beautiful plot with many possibilities.[IW]
